Print solid. Stay flexible.

9 October 2025 • London

flexotechawards.com

The FlexoTech Awards highlight the great advancements made in flexo by recognising the best efforts in the industry from across the world. Submit your finest work to be honoured at the most prestigious event in the industry's calendar.

HOW TO ENTER

There are 14 printing categories, a repro category, an innovation category, three sustainability categories and a new category for Future flexo star to enter. Just complete an entry form for each item you submit. Entries into multiple categories are also allowed, though only one job/campaign can be entered in one category.

A separate entry form and run of print for each printing category is required (photocopies are acceptable). If entering the Repro category, please ensure the details are completed on the back page of this entry form.

Up to three entries per category are FREE of charge and it is £50 per entry thereafter. Payment must be made by cheque, made payable to Whitmar Publications, alternatively contact donatella.m@whitmar.co.uk to arrange a bank transfer.

RULES

1. Entries must have been produced by the printing or repro company entering the awards.
2. No previous winning job may be re-entered from the same or different company.
3. All entries must be produced in the 12 months prior to 3 July 2025.
4. Entries are for commercial work undertaken by the printing company entering the awards, except for the promotional print category.
5. Whitmar Publications reserves the right to use any entries received for marketing and promotional purposes in its magazines and on its website.
6. Entrants must have obtained the permission of their customer before entering the competition.
7. Whitmar Publications cannot accept responsibility for entries submitted.
8. The decision of the judges is final and no correspondence will be entered into.
9. Entries received after the deadline will be subject to a flat £50 late fee.
10. Entries may be moved to a different category at the discretion of the judges.
11. By entering you agree to all technical information being published on the website and in the magazine.
12. The printing company's contact details should be submitted with the entry if it is being entered on their behalf.
13. Whitmar Publications reserves the right to withdraw a category at any time.

Please note that any one job or project/campaign may only be entered in one category.

Nominated finalists will be announced prior to the awards presentation dinner.

Nominated entries will be reviewed at the dinner and each winner will be presented with an award by the category sponsor.

Please send your entries to:

**Whitmar Publications
FlexoTech Awards
30 London Road,
Southborough, Tunbridge
Wells, Kent, TN4 0RE**

**CLOSING DATE:
3 July 2025**

AWARDS DINNER

The awards ceremony will be held on 9 October 2025 in London.

A limited number of tables are available, each for 10 guests, at £2900+VAT per table, individual places £290+VAT.

Tables and tickets are now available to book:

Visit: www.flexotechawards.com

Email: donatella.m@whitmar.co.uk

Call: Donatella Moranelli +44(0)1892 779597

NOTE FOR ALL ENTRANTS

All printed samples must be unconverted, of full press width and include **at least three repeat lengths**, except corrugated samples where one sheet is sufficient. **This should include control strips and registration marks.** With the exception of labels and corrugated post-print, cut-outs will **NOT** be considered by the judges.

Here's why you should enter

EMPLOYEE MOTIVATION

Everyone likes being part of a winning team. Achieving recognition in the awards will have a positive effect on staff morale, motivation and retention.

RAISE YOUR PROFILE

Winning at the FlexoTech Awards significantly raises your company profile and earns respect from your customers and peers.

NETWORKING OPPORTUNITIES

Attending the awards gives you the opportunity to build contacts, meet and network with other award participants, businesses and potential customers and partners.

ATTRACT NEW BUSINESS

Just being nominated improves brand awareness and promotes your business to new customers.

ACKNOWLEDGE STAFF AND CUSTOMER LOYALTY

Attending the awards is an opportunity to thank and reward staff for their contribution to the business, thank customers for their loyalty, and impress prospects with your hospitality.

FREE MARKETING AND EXPOSURE

Gain extensive media attention through coverage in the nominee's and winner's issues, the awards website, and pre and post-awards promotional emails.

Nominees and winners can also use this acknowledgement in their own PR and marketing activities. Such exposure will be sure to help attract new customers and increase respect from existing clients.

'Being recognised for an award in such a competitive category is always a huge honour. It's a great testament to the many members of the IFG team and our suppliers who help to drive the outcome.'

Jonathan Watson, Interflex – winner of Flexible packaging (wide web) on paper

CATEGORIES

Please note that any one job or project/campaign may only be entered in one category.

- Labels - printed on paper substrates**
Labels of any format, printed with any flexo or flexo hybrid process on paper.
- Labels - printed on film substrates**
Labels of any format, printed with any flexo or flexo hybrid process on film.
- Flexible packaging (narrow/medium web) on film**
Up to and including 1000mm wide.
- Flexible packaging (wide web) on film**
>1000mm wide.
- Flexible packaging (narrow/medium web) on paper**
Up to and including 1000mm wide.
- Flexible packaging (wide web) on paper**
>1000mm wide.
- Future flexo star** **NEW FOR 2025**
This award is for any employee under the age of 30 who is set to play a key role in the future of the flexographic value chain; nominees are welcomed from all areas of the supply chain. Entries for this category must include a supporting statement outlining why this individual should be considered for the award, their progress and their achievements to date.
- UV flexo on paper or board**
The use of UV inks (including UV-LED ink) on paper or board substrates.
- Corrugated post-print (A,B,C and D flute)**
Post-print flexo on corrugated board with A, B, C or D fluting.
- Corrugated post-print (E and F flute)**
Post-print flexo on corrugated board with E or F fluting.
- Best use of hybrid printing**
Using flexo as the main printing process but using different processes to give the print additional qualities or attributes.
- Process colours only**
Using just CMYK with or without a white or a varnish.
- Digitally printed labels and packaging**
Any packaging, flexible packaging or labels which have been printed with digital printing technology only.
- Best use of embellishments**
Using embossing, foiling or any other embellishments to make visually stunning results on packaging or labels.
- Promotional print**
Flexo print produced to showcase the abilities of a printer. (Must be submitted by the printer and can **NOT** be a commercial job).
- Environmentally sustainable company – Production**
Print companies that can demonstrate their commitment to more sustainable flexo print production through investment in technology or management of consumable materials. Entrants should submit a maximum 500-word report that outlines how they meet the criteria, along with any supporting documents that will help the judges make their assessment.
- Environmentally sustainable company – Business**
Print companies that can demonstrate their commitment to more sustainable business operation (not production related) through investment in technology or management of resources. Entrants should submit a maximum 500-word report that outlines how they meet the criteria, along with any supporting documents that will help the judges make their assessment.
- Best environmentally-improved job**
A flexo or hybrid print job that has been made more environmentally-sustainable through changes to the materials or technology used in production. Judges will require details of the previous and new process, and evidence of environmental gains or savings achieved through this change.
- Innovation - not eligible for suppliers**
Innovations that you, as a flexo printer/converter, have developed and implemented (with or without a partner) for your customers in the 12 months prior to 3 July 2025 – this could be innovations in design, reprographics, production, finishing/converting, ink formulation, materials development, sustainability or other aspects of the service you, as a flexo printer/converter offer to your customers. Judges will favour entries that demonstrate clear evidence of new ideas, new technologies and breakthrough service provision by the entering company that show measurable value for its customers. **Not eligible for suppliers.** Entrants should submit a maximum 500 word report which outlines how they meet the criteria of this category, as well as any supporting documents which will help the judges make their assessment.
- Best reprographics** **NEW FOR 2025**
Championing the fantastic work within the flexographic repro field, this category will consider the challenges inherent in a specific job around design, printer capabilities and substrate, and what decisions have been made to optimise run-ability, quality, and cost. Judges will assess issues such as colour management and the management of challenges with text/copy, images, line and tone and cold foil and varnish application.
Please see the specific entry requirements for the Best Reprographics category on the back page of this entry form, and complete the information required

ENTRY FOR PRINT AWARDS

Permission from customer obtained

I would like to register to receive *FlexoTech* magazine and e-newsletter

(Please indicate all equipment, machinery and materials used)

REPRO CATEGORY ENTRY DETAILS

What is required for the submission

1. Artwork file before – received from Brand/Agency

- a) Provide a print out/proof of the original artwork file – annotated with notes where problems/print challenges may occur.
- b) Can also be supported by an existing/current print example from converter/supplier to demonstrate print challenges and quality issues (not required if new design).

2. Artwork file after – what repro has been done

- a) Provide a print out/proof of the processed artwork file – annotated with notes for what has been changed + intended benefit

3. Print from converter/printer

- a) Provide a print from the converter/printer demonstrating that the repro has achieved the intended result, and mitigated the challenges/quality risks.
